Chapel: Our classrooms celebrate Chapel service on Tuesdays and Wednesdays in the Sanctuary. It is important to us that the children participate in a planned service where fellowship is shared and the word of God is heard and praised.

Each child receives a Faith At Home at the end of each Chapel Service. The Faith At Home activity will include a written version of the Bible story of the week, and an activity.

Learning through Movement: All of our children participate in this class twice a month. Through music and movement, students strengthen their large and small motor skills, coordination, flexibility, endurance, awareness of bodies and space; and cognitive growth to include memory and communication.

In-house Fieldtrips: All of our classrooms participate in our in-house field trips. Twice a month we will provide visitors that enhance the children’s curriculum experience. Some visitors may include; The Fire Department, The Magik Children’s Theatre, The Institute of Texan Cultures, Ms. Anastasia – storyteller, Mad Science, and much, much more.... Our Pre-Kindergarten classes go on two fieldtrips. Zoo & Morgan’s Wonderland.

Computers and Technology: Our Preschool and Pre-Kindergarten classrooms have computer stations equipped with laptops and software to enhance their academic, spiritual growth and development. ABC Mouse will be available to supplement academic instruction.

School-wide Special Events: All of our children and their families participate in many school-wide special events held throughout the school year. These events may include T-shirt days, Grandparent’s Day, Pumpkin Patch, Thanksgiving Day Celebration, Christmas Program, Rodeo Day, Week of the Young Child events, and St. Jude Trike-a-thon.
